Microphone

			
Lapel mic LM-90AD	Gooseneck mic PM-20A	Li-ion polymer battery(FT1) LBT-200	Li-ion polymer battery(FT1T) LBT-1300

Battery

Others

			
Lanyard N-300	Lanyard N-32	Left & right earhook ME-EH	Windscreens

SPECIFICATIONS	FT1T (transmitter)	FT1 (receiver)
Emission modulation	4 GFSK	
Radio frequency ^[1]	806 ~ 928 MHz	
Channel count ^[2]	30 ~ 50	
Frequency response	300 ~ 3,400 Hz	
Operation range ^[3]	60 ~ 90 m	
Battery type	Li-ion polymer battery	
Charging time	2 ~ 3.5 hours	
Battery life ^[4]	~ 18 hours	~ 13 hours
Dimensions ^[5] (DxWxH)	15.4 x 43 x 80.6 mm	31.2 x 54.1 x 58 mm
Weight (with battery)	Approx. 50 g	Approx. 24 g

[1] Radio frequency varies upon regions.

[2] Channel count varies upon regions.

[3] Operation range varies upon onsite environments and countries.

[4] Battery life varies upon users' operating habits.

[5] Dimensions are measured without antenna.

ENRMAFIT is a one-way tour guiding system which eliminates the distance and communication burden between guide and visitor. Breaking the traditional impact on body-worn device, the receiver integrates lightweight compact and ergonomic earhook into a single earphone. Featuring with comfortable wearing on an ear for all-day tour and replaceable left/right earhook as per preference. From the practical sight, it's no longer struggling with cable mess and continuous cost of replacing earphones. Besides various external microphone options for the transmitter, it's equipped with inbuilt microphone and aux-in function for outsource audio. After one-time pairing, the group ends all together when the transmitter turns off, however, stays linked for the next turn-on. The guide is available for a short break with a press on mute button. Thanks to noise reduction technology, the system provides clear audio even in a crowded place. The system is powered by inbuilt lithium battery, 12 or 24 slots magnetic charger supports fool-proof placing and fast charging within 3.5 hours, additionally, the compatible carry bags bring effortless travel tours!

DIGITAL MODULATION

-  One way system
-  Max. 90 meters
-  Advanced noise reduction
-  Aux-in available

EFFECTIVE TOUR MANAGEMENT

-  Quick grouping
-  Grouping additional members
-  Changing group channel remotely
-  Settings memorized
-  Auto power OFF
-  Group OFF easily
-  Battery check when OFF
-  Mute for short break
-  Effortless travel with carry bag

INTUITIVE INTERFACE

-  Lightweight for all day wearing
-  Various ear shapes fitted
-  Ergonomic earhooks for left or right ear
-  Two easy button recognition
-  Earphone cable free
-  Ad zone

SUFFICIENT POWER CAPACITY

-  All day operation
-  Low battery warning
-  Fast charging
-  Fool-proof charging
-  Magnetic charging
